

86 CC. OF GAMMA GLOBULIN ARE RECEIVED HERE

Adams county's supply of gamma globulin, for use in connection with poliomyelitis and measles, has been received by the county medical examiner, Dr. C. G. Crist.

Available for use in the county are 66 cc. of gamma globulin for polio and 20 cc. for measles. The allocation to the county has been based on a ratio of the average number of cases of the two diseases in the county during the last five years as compared to the averages for all other counties, and the state total.

For "Most Necessary" Cases

While the supply would not be sufficient, in all likelihood, to take care of all demands, the proportion was based on the amounts available to the state and will be used for the "most necessary" cases.

Just how many persons will receive the gamma globulin is unknown, because the dosage varies with weight and age. Infants up to six months of age would receive two cc.; children weighing 12 to 20 pounds, 3 cc.; 21 to 29 pounds, 4 cc.; 30 to 39 pounds, 5 cc. and on up to 65 to 75 pounds, 10 cc. After 75 pounds body weight is reached the amount given is ten cc. plus one cc. for each year of age. Expectant mothers are given 20 cc. of the gamma globulin.

Dr. Crist pointed out that the supplies here will be available only for children and mothers-to-be.

He added that the material is given to those in immediate contact with those contracting the disease and not to the person contracting (Continued on Page 2)

CHARGED WITH DRIVING TRUCK THAT HIT CARS

Lester Carr Tyler, 18, Fairfield R. 2, was charged today with failing to stop at the scene of an accident in connection with a hit-run accident early Wednesday morning in which he is alleged to have struck three parked cars on Fairfield's Main St.

Fairfield Chief of Police Wilbert T. Fleming placed the information before Justice of the Peace Roger Myers, Fairfield. Because the charge calls for a summary conviction, Tyler was mailed today a ten-day notice to appear before the justice for a hearing and disposition of the case.

According to Chief Fleming damage amounted to almost \$1,000 when Tyler, traveling west in a truck, struck the car of Adolph Candida, Fairfield, parked in front of the D. H. Neely residence. Fifty feet farther west the truck struck a car owned by Gerald Schloss, also of Fairfield.

Forced To Side

The Schloss car was pushed into the parked car of James L. Crawford, Washington, D. C., a son-in-law of Mr. and Mrs. Donald H. Neely, who is visiting at the Neely home. The truck also struck the Crawford car, according to the chief.

After striking the vehicle, Tyler turned his truck around and drove east, narrowly missing an approaching car, which gave chase to the truck, finally losing it on the Bullfrog Rd.

Chief Fleming and State Police-man George Evanko conducted an investigation during the day, finally locating the truck and Tyler. Tyler told police he had been forced to the side of the road by an approaching car and thus struck the parked vehicles. The truck he drove was owned by his mother, Mrs. Gladys Tyler, police said.

Dr. Hartman Will Filed For Probate

The will of Dr. H. M. Hartman, late of Gettysburg, who died January 1, has been entered for probate at the office of the county register and recorder. A son, Henry M. Hartman, 231 Springs Ave., is executor of the "in excess of \$1,000" estate.

The will of Edward W. Pegg, late of Gettysburg, who died June 24, has also been entered. Edythe I. Peggman, 227 E. Middle St., is executrix of the \$10,000 estate.

Administration bonds have been filed in the estates of Henry W. Galloway, who died in Hamiltonban Twp. March 10 and Ervin F. Emet, late of Hamilton Twp. George D. Galloway, Fayetteville R. 2, is administrator of the \$600 Galloway estate and Minnie B. Emet, New Oxford R. 1, is administratrix of the \$200 Emet estate.

Times Reporter In Warner Hospital

Carleton H. Poole, 54, 15 Chambersburg St., member of the news staff of The Gettysburg Times, remained in a serious condition at the Warner Hospital this afternoon following a stroke which he suffered shortly before 7 o'clock Wednesday evening in his apartment.

Mr. Poole was stricken while he was in his bathroom shaving. His right side is paralyzed. This afternoon he was described as "a little stronger" but must be fed intravenously.

He was taken to the hospital by ambulance.

HESS ADDRESS HIGHLIGHT OF FORESTRY MEET

How Pennsylvania's farmers are converting their submarginal lands and once marginal woodlots into better managed and well paying "Tree Farms" was a highlight of a National Farm Woodlot Conference held in Chicago recently.

The story was told by D. E. Hess, vice president of the Glatfelter Pulp Wood Co., Spring Grove, before 100 farm woodlot authorities attending a conference called by American Forest Products Industries, Inc., national coordinator of the American Tree Farm System. Mr. Hess was one of 29 speakers in a busy day and a half of interchanging experiences and recommendations for making small farm woodlots continually productive and profitable.

Mr. Hess told his company has spent many thousands of dollars during the past 16 years to show farmers there is profit in conservation.

Area Producing Pulpwood

"In 1936," Mr. Hess recalled, "the Glatfelter Company received virtually no pulpwood from the local area. Now nearly 700 farms within a 90-mile radius of Spring Grove are producing wood crops. Last year some 350 of these people shared almost \$500,000 which our company paid for pulpwood. Production ranged from small farms yielding only five cords to other producers who are putting their sons through college with \$1,500 checks they earned from wood sales."

The Pennsylvania forester's talk bore out the keynote sounded by W. B. Greeley, board chairman of American Forest Products Industries, who said: "The changing economic status of forestry in the United States has brought opportunity to the doorsteps of millions of little landowners."

In opening the conference, James L. Madden, AFPI president of Hollingsworth and Whitney, called attention to the magnitude of the farm woodlot problem by pointing out "that 57 per cent of the commercial forestland on which 159 million Americans rely for wood products essential to our way of life is in small woodland ownerships."

Bring 2 Prisoners From Detroit Jail

State Policeman David K. James and Borough Policeman Daniel J. Miller, serving as a special deputy sheriff, have returned from Detroit where they were sent to bring Frank Glenn Wallen and Haskell C. Wallen from the Detroit jail to the Adams County jail. The officers arrived with their prisoners about 1 o'clock this morning. The two Wallens are scheduled to face a hearing before Justice of the Peace John H. Basehore on burglary and larceny charges resulting from a burglary of Dale's Tire Shop in November, 1952.

The Warner Hospital

Pride of Adams County

By LEIGHTON C. TAYLOR
Having just completed a short "vacation" in Adams County's Annie M. Warner Hospital, I cannot let the opportunity pass to say a kindly word in behalf of this very worthwhile local institution.

Until one personally requires hospitalization little more than a passing thought is given to what, in fact, is the community's most needful and worthy asset.

While the writer has been more or less familiar with the background and growth of the Warner Hospital, it was necessary for him to become one of its patients to fully appreciate the unexcelled service it affords.

Friendly Atmosphere

One no sooner enters the doors of the institution than he senses a friendly and sympathetic atmosphere, entirely free from perfunctory and impersonal routine. This doesn't mean that there isn't an excellently trained organization functioning with clock-like precision.

The Medical Staff, which immediately wins the patient's confidence, comprises 30 physicians, surgeons, and various other specialists,

L. V. SIMPSON, 47 MANAGER FOR INDUCTIVE, DIES

L. Vernon Simpson, 47, production manager for the Inductive Equipment Corporation plant here, died very suddenly this morning at 1 o'clock at his home in Cumberland Twp., R. 2. The Adams County coroner, Dr. C. G. Crist, said death was due to coronary occlusion.

Mr. Simpson had been in his usual health Wednesday and had played ball Wednesday evening with the Inductive Equipment team on a college field. He returned home about 9 p.m., retired at 11 o'clock and was stricken about midnight. A doctor was summoned but death followed within an hour.

The deceased was born in Philadelphia, a son of the late James T. and Blanche H. (Shaw) Simpson. He came to this county in 1946 and had lived at the Emmitsburg Rd. address for the last three years.

Worked for Glenn L. Martin

He was a member of St. Francis Xavier Catholic Church and of the Holy Name Society of the church. He belonged to local units of the Knights of Columbus and the Moose. Before coming to Gettysburg, he had been employed by the Glenn L. Martin Company in Baltimore.

Surviving are his widow, the former Mary D. Webb, whom he married 24 years ago; these children: Mrs. Charles Stonestifer, Harrisburg; and James Vernon and Richard Kenneth, both at home. There is one grandson, James Allen Stonestifer, Harrisburg, and a brother, Melvin B. Simpson, Fayetteville, N. C.

Funeral arrangements are incomplete.

ANTICIPATE LESS PROFIT FROM FESTIVAL

The Gettysburg Fire Department, while having had "a very successful festival," will "have a net profit" smaller than last year's, according to reports presented Wednesday evening at a meeting of the firemen held at the former CCC camp on the Battlefield.

Donald McSherry, general chairman for the festival, expressed his appreciation to all firemen for their assistance in connection with the events from July 1 through 5.

He reported gross receipts will be "at least \$1,000 under last year" according to receipts thus far. While the \$18,612.25 gross income so far is under last year's amount "expenses will be as high as last year, or even higher," McSherry reported.

Declines Renomination

He added that he "could not even make an estimate" of what the final profit might be until the company receives all the bills. The company has \$2,500 expense, in connection with the parade prizes and some of the equipment and entertainment, that must be set aside before it begins to realize any return from the annual festival. In addition there are expenses for food, tents, lights, etc., to be met.

Make Annual Check

McSherry, who served as general chairman for the festival-anniversary observance for the past two years, declined renomination as chairman for next year's event. President William G. Weaver said the new chairman will be announced after a consultation among officers and members of the company.

The company voted to participate (Continued on Page 2)

Interior Minister Of Ukraine Is Ousted By Russia; Is Third Shakeup Of Red Chiefs In 2 Days

BERLIN (AP) — The Communists announced a shakeup in the Soviet Ukraine today in the mushrooming purge of security and justice officials in the U. S. S. R. and in restive East Germany.

In the third Communist shakeup in the last two days, Moscow radio announced the appointment of Timofiy A. Strokach as interior minister of the Ukrainian Republic—second biggest of the 16 in the Soviet Union and long reported to be a hotbed of nationalist resentment against Kremlin dictates.

The purge follows the booting of Lavrenty P. Beria, the former Soviet police boss, and apparently results from that act. The officials affected are those dealing with law enforcement or internal security—the task of keeping the people in line.

NEARLY 1,000 AT OPENING OF FAIRFIELD FETE

Nearly 1,000 were present Wednesday night for the opening of the second carnival to be held this summer by the Fairfield Community Fire Co.

Roger Myers, secretary of the company, said the crowd was "one of the largest opening night attendances we have ever had."

The second carnival of the summer is being held this week, continuing through Saturday, to raise funds toward the new fire engine being purchased by the company. The first carnival, held over the July 4 week-end, was held to raise operating funds for the company for the coming year.

New Truck In Fall

Delivery of the new truck is expected this fall. Because the apparatus is being purchased with the aid of matching funds from the federal Civil Defense administration, the company is expected to have at least a large portion of its share on hand when the truck is delivered.

The festival continues tonight, Friday night and Saturday afternoon and evening. On Friday night the "Twilight Entertainers" of Hanover will furnish the music and on Saturday night the Emmitsburg Municipal Band will provide the entertainment.

A number of rides and concessions are present at the fairgrounds including a ferris wheel, kiddie rides, chair plane, boat ride and similar amusements. In addition there are games and refreshments. The auxiliary of the fire department is assisting in the conduct of the carnival.

Arrangements have been made for an "old-timers" baseball game Saturday afternoon between a team from the Fairfield section against a Cashtown-Orrtanna area team.

Ask Reservations For Annual Picnic

Reservations for the annual convention-picnic of the Adams County School Directors Association should be in the office of the county superintendent by Monday, July 27, in order to arrange eating accommodations. County Superintendent of Schools J. Floyd Slaybaugh announced today.

The baked ham supper will be served the convention at the South Mountain Fairgrounds, August 6, by the Ever-Ready Sunday School class of the Arentsville Reformed Church. E. A. Quackenbush, director of the school administration of the State Department of Public Instruction, will be the principal speaker.

Commissioners Ask Bids For Coal Supply

Bids for 150 tons of coal for use at the County Home will be opened by the County Commissioners August 5 at 10 a.m. in their office at the Court House, the commissioners announced following their meeting there Wednesday.

The county is seeking bids for 50 tons of anthracite for use in the Women's building furnace; 50 tons of anthracite for use in the Men's building furnace and 50 tons of bituminous for use in the Annex building furnace.

Miss Ruth Doud Is Guest At Dinner

A farewell dinner honoring Miss Ruth Doud, secretary of the local YWCA for the past four years, was held Wednesday evening by the board of directors of the "Y" at the home of Mrs. John D. Teeter, Springs Ave. Seventeen directors attended.

A silver teapot was presented to Miss Doud in the name of the YWCA by Mrs. Frank Kramer.

Appreciation for Miss Doud's many services to the YWCA was expressed by the board members. She has resigned her post here to accept another position as a YWCA director. She plans to begin her new duties in September following a vacation.

HOUSE GROUP OKAYS SCHOOL LAND MEASURE

The House Committee on Interior and Insular Affairs has reported favorably on the bill already passed by the U. S. Senate which would authorize the Secretary of the Interior to convey to the Gettysburg Joint School District 23 acres of ground east of the high school building here for school purposes.

The office of Congressman S. Walter Stauffer said today the bill has been placed on the calendar for House action next Monday. Congressman Stauffer's office said the House committee reported out the bill in the same form in which it was passed June 6 by the Senate.

The bill states in part: "The Secretary of the Interior is hereby authorized to have competent and disinterested appraisals made as to the value of not more than 23 acres of land in Gettysburg National Military Park . . . such land lying generally between E. Confederate Ave. and Wainwright Ave. and being situated adjacent to the present high school property in that area. Upon the basis of such appraisals, the Secretary is authorized to convey the property for public school purposes to the state of Pennsylvania, or the appropriate local agency thereof, the conveyance to be made (Continued on Page 12)

New Elk Official For District Named

Harry E. Stover, Waynesboro, has been appointed district deputy grand exalted ruler of the South Central area of the Pennsylvania Elks Association.

Stover was appointed by Grand Exalted Ruler Earl E. James, Oklahoma City, at the national convention in St. Louis last week. The appointment was confirmed Monday.

Stover, past exalted ruler of Waynesboro Lodge No. 731, served as district vice president last year. The district, in addition to Waynesboro, includes Gettysburg, Chambersburg, Carlisle, Harrisburg, Middletown, Columbia, Red Lion, York, Lancaster, Hanover and Lebanon.

He is the third Waynesboro Elk in the last 52 years to be honored by the Grand Lodge appointment.

Following the contest a softball game for girls will be staged.

PTA MEETING CALLED

There will be special meeting of the executive committee of the North Adams Parent-Teacher Association on Monday evening at 7:30 o'clock in the York Springs High School. The subject of Civil Defense will be taken up and newly-elected and retiring officers are urged to attend.

Joined Bank Staff 28 Years Ago To "Fill In;" Cashier Now

December 15, 1945. Miss Miller then returned to her post of assistant cashier.

Mr. Reigle, a veteran of banking service in the country, at one time was associated with the old Citizens' Trust Co. here.

Miss Miller became an employee of the bank after her graduation from St. Joseph's Academy, McSherrystown. She is a native of that borough. An employee of that bank became ill about the time Miss Miller graduated and she agreed to enter the bank temporarily to "fill in."

She began as a clerk, and has held posts of increasing responsibility at the bank throughout the years.

Miss Miller has been active in a number of civic affairs. During the war years she was bond chairman for McSherrystown and for years has been active in polo and other drives. She is a past president of the Hanover Soroptimist club.

10,000 Red Chinese Launch Fierce Assault On Kumhwa; Allies Are Holding Lines

By JOHN RANDOLPH
SEOUL (AP) — The Chinese Reds today hurled a fierce 10,000-man attack at Kumhwa — keystone of the Allied line in Central Korea — after yielding up to a mile to counterattacking South Koreans a few miles to the east.

"All hell has broken loose, but we are holding there," said an American adviser to ROK troops defending the vital junction of Kumhwa, where five major roads meet.

Maj. John Eisenhower, the President's son, who is a staff officer at the front, predicted the renewed Chinese attacks "can be taken care of all right." He said the East-Central front was becoming stabilized and the attack "is not as serious as was first thought," although "you can't tell what might happen."

Russians Advising Chinese

About 15 miles to the northeast, South Korean troops backed by thunderous U. S. air, artillery and tank support recaptured up to a mile of ground lost to the greatest Red offensive in two years this week—an offensive which American staff officers said the Chinese launched while using uniformed Russian officers as military advisers.

The new battle for the vital communications center was about 15 miles southwest of the Kumsong River front, where three South Korean Divisions—about 45,000 soldiers—backed by American tanks and artillery—drove the Chinese back as much as a mile Thursday. No U. S. infantrymen took part in the attack, Army spokesmen said.

Allies Give Air Protection

The South Koreans struck under an umbrella of hundreds of U. S. Air Force, Navy, and Marine and Australian jet warplanes which softened up the Reds in the first day of good flying weather since the big Red assault opened.

Associated Press Correspondent Forrest Edwards reported the Chinese falling back disorganized from territory they gained Monday and Tuesday in a massive offensive which carried an officially-disclosed four miles.

U. S. tanks and big guns hammered the Communists and waves of Allied warplanes flew more than 1,000 strikes. They shot down three Red MIG jets in aerial battles and damaged two others, shot up three Red planes on the ground and destroyed three Red tanks, the Air Force said.

Taylor Goes To Front

Gen. Maxwell Taylor, U. S. 8th Army commander, made a hurried inspection trip to the flaming East-Central front, then returned to his headquarters here.

Frontline reports filtering through heavy censorship said there was no major fighting in the 15-mile stretch between the northward pressing ROKs near the Kumsong River and the Reds' new southward push toward Kumhwa.

First reports on the new battle said the Reds were curling around the southern base of Sniper Ridge, which was abandoned as an outpost after the ROK Capitol Division—immediately to the east—was forced back under the weight of the Red offensive Monday and Tuesday.

Is Important Area

The ground being fought over at Kumhwa was the area of the five-week battle for Sniper Ridge last October and November when the 2nd ROK division lost nearly 10,000 men taking the height.

Once a bustling mining town, Kumhwa has been covered with grass for two years but is still vitally important because of its military roads. To lose it would mean that the Allies would have to readjust their east-west road network and face the long-range possibility of a Chinese attack toward either Seoul or Chunchon.

Allied officers said South Koreans on the Kumsong front launched their counter-offensive on standing orders to march when the Red drive petered out, as happened Wednesday.

GUNMEN KILL 79-YEAR-OLD TOURIST CABIN MAN IN HOLDUP

HARRISBURG (AP)—Two gunmen shot and killed a 79-year-old tourist cabin attendant at suburban Colonial Park early today when he resisted attempts to rob him. The gunmen fled after the shooting.

Sgt. L. D. Jenkins, of the state police, identified the victim as David W. Fawber, 46, along the Jones-town Road.

Shot In Head

The son was asleep at the time. The father was on duty as an aide to Harry Comm, 59, night attendant at the combined garage and tourist camp.

State police said the two gunmen, described as in their early twenties, drove up to the tourist camp and asked for a cabin. The elder Fawber escorted them to the cabins in the rear. A few moments later a shot rang out.

Jenkins theorized that one of the gunmen shot Fawber through the head when he refused to give them his money. Police found the dead man's wallet in his pocket. It contained \$36 and a purse with four dollar bills and some change.

Fled In Car

Comm, who had remained at the front of the tourist camp, rushed to the rear when he heard the shot.

"I didn't know he was dead," Comm told state police. "I grabbed him under the arms and tried to pull him away from the side of the cabin. I thought he was hit on the head. When I touched him he dropped to the ground."

Comm said the gunmen fled by the time he reached the scene. They had parked their automobile near the tourist camp, just off the highway. Their car was described as a 1951 or 1952 sedan. Both wore army fatigue caps.

Wanted In Robberies

One of the gunmen was described as 22 years old, about five feet, six inches tall. The other, about 25, was about the same height.

State police said the descriptions fit those of two men who held up and robbed a service station attendant of \$55 about a mile away from Fawber's garage less than 30 minutes before the shooting. State police said there description also fits those of two men who robbed a service station attendant of \$75 at nearby New Cumberland.

the disease. Its use in polio will be to prevent paralysis in the event any person in close contact with an ill patient might contract the disease.

The value of the material continues for about three to five weeks after use. It prevents paralysis only when given before the disease is contracted.

The records show that there have been 29 cases of poliomyelitis in Adams County in the last five years, eight in 1947, nine in 1948, one in 1949, eight in 1950 and three in 1951. At the same time there were 4,601 cases in the state.

During the five years there were 282 cases of measles in the county, seven in 1947, 13 in 1948, 173 in 1949, one in 1950 and 88 in 1951. Pennsylvania in the five years had 160,252 cases.

Furnishes Bail For August Court

Olden H. Shultz, Biglerville R. 2, has been released from the county jail after posting \$500 bail to appear in August court on a charge of operating an auto after his license was suspended.

He was arrested on the charge Wednesday by state police and after a hearing before Justice of the Peace Robert P. Snyder, was sent to jail in default of bail. Later he raised the bail and was released.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Clyde Cooley, Aspers R. 1, announce the birth of a daughter today at the Warner Hospital.

ful consideration of a multitude of details, e.g., negotiating for and purchasing vast quantities of diversified supplies; inaugurating and supervising fund-raising campaigns, and, most important of all, acting as a policy-making body for the general management and conduct of the hospital.

Starting at scratch in 1921 with comparatively meager and restricted accommodations, insufficient equipment, and a skeleton staff, the hospital steadily forged ahead until today it stands second to none among hospitals of its size in Pennsylvania; in fact, it has overtaken and passed many of them, having been accredited as far back as 1927, and continuously since, by the American College of Surgeons, a much-coveted honor.

But it must not be forgotten that the 40,000 citizens of Adams County will be forever indebted to the C. H. Musselman Company for its mag-

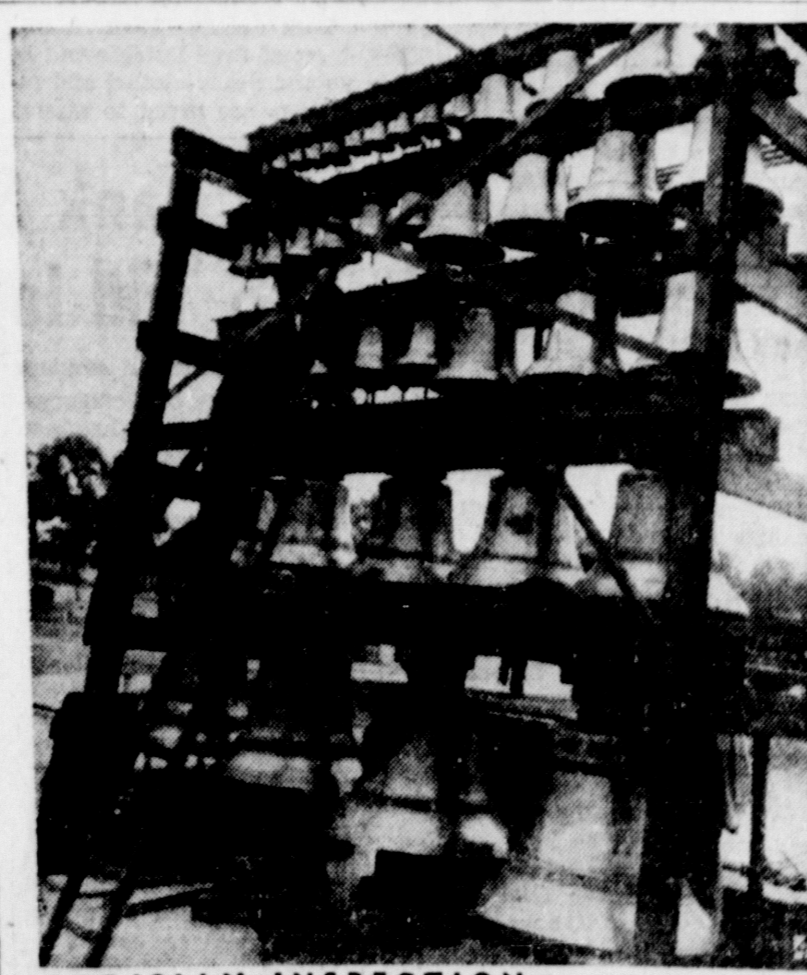

nanimous contribution to the hospital, amounting in the aggregate to more than \$225,000.00. These unusually generous and substantial gifts enabled the Board of Directors to expedite their plans for expansion and to complete and fully equip, without delay, urgently needed additional units which, otherwise, would have been a slow process covering a period of years.

Adams County is indeed fortunate to have within its borders the Musselman Company — civic-minded humanitarians, motivated by the milk of human kindness. Let their example make all of us more conscious of our obligation to the Warner Hospital and other agencies whose objective is alleviation of the countless ills to which the human body is heir.

In closing may I say: "MORE POWER TO OUR FINE HOSPITAL AND ITS EXCELLENT PERSONNEL."

AMISH YOUTH CANNOT LEAVE SCHOOL AT 14

HARRISBURG (AP)—A bill designed to permit Amish children to leave school at age 14 stood defeated in the House today for the second time in two weeks.

The measure was killed by a vote of 82-82, with 105 votes needed for passage.

In opposing the bill, Rep. Albert S. Readinger (D-Berks) termed the bill the "beginning of the breakdown of the compulsory education system in a day when children need it the most."

The measure, while designed only for Amish children, would apply also to other children of school age.

Defends Measure
Rep. Harry W. Price Jr. (R-Mifflin) defended the measure saying that "all it does is tie the child only to the farm or home operated by his parents."

Price was first defeated June 30 on a roll call vote. 1. as revived, however, by a parliamentary maneuver for a second vote.

Previously passed by the Senate, the bill would leave up to local boards the matter of deciding in individual cases if a child should be allowed to leave school.

Under current law, the State Public Instruction superintendent has final say.

The birthday party, featuring a cake with candles, is a lovely custom. Old books on national customs trace its origin to Germany and Italy.

In Germany, it was customary to celebrate one's birthday by erecting a fir tree, similar to the Christmas tree set up for Christ's birthday. It was placed in the center of a table covered with a white cloth and decorated with ornamental bonbons, gilded walnuts and almonds and surrounded with presents.

In addition to the gifts, there was a long cake on which was placed candles, the number of which coincided with the number of years the honored person had lived. The candles were lighted and the guest-of-honor blew them out. The number of puffs necessary to extinguish all the lights represented the number of years that would elapse before he or she would be married.

This cake, not a rich one, was filled with sweetmeats, nuts, and fruits. It was called Stollen. The shape resembled the oblong cake used for Christmas festivals, and was intended to look like the Christ child in swaddling clothes.

This custom was carried to England by visitors who had occasion to celebrate their birthday there. It found its way to America where it was modified and adapted to the round birthday cakes that we have today.

In Italy, as in many Catholic countries, a person's birthday was celebrated on the day of the death of the Saint for whom he was named — thus the origin of "name day."

Friends and relatives honored one's "name day" by holding a torch march. The wealthy families carried waxen tapers, while the poorer ones carried wooden torches, the number of which was determined by the age of the honored person.

The torches were used to light the table at the meal which followed the procession. After electric lights became popular, the Italian families placed small candles on birthday cakes and lighted them as a reminder of the old torch-light march.

The birthday cake, as it is known today in America, may be any cake preferred by the person whose birthday is celebrated.

TWO CARS COLLIDE

Automobiles operated by John Glaser, 29, Feasterville, Pa., and Jack Davis, 25, Emmitsburg R. 2, collided one mile south of here on the Emmitsburg road Wednesday night at 11:15 o'clock. Damage totalled \$35. State police, who are continuing their investigation, said Glaser's car ran into the rear of the Davis vehicle.

U.S. Will Issue Commemorative Stamp In Honor Of Tank Corps And Late General Patton Who Served Here

Gettysburg will have a special significance, when a new commemorative stamp, honoring the late General George S. Patton Jr. and the Tank Corps, is issued this summer by the U. S. Post Office Department, for it was here, at Camp Colt in 1918, that Gen. Patton began his climb to armor fame, according to Tank Corps veterans.

Coincident with the issuance of the commemorative stamp, the World Wars Tank Corps Association will observe the 35th anniversary of the original Tank Corps at Gettysburg at the annual convention of the American Legion at St. Louis, Mo., when the Legion will be observing its own 35th anniversary. Convention dates are August 31 and September 1, 2 and 3.

President Eisenhower, whose Gettysburg farm adjoins part of the site of the old Camp Colt, is the nation's "No. 1 Tanker." He was the commanding officer at the camp.

Held Reunion Here
Several officers of the old Co. A, 304th Tank Battalion, which trained here in 1918, met at the Hotel Gettysburg in May of this year for their first reunion. A photograph of the group and story of the reunion, published on May 11 in The Gettysburg Times, will be re-printed in "The Tankerline," official publication of Battalion 1, World Wars Tank Corps Association.

Goes To Prison To Escape Wife

PITTSBURGH (AP)—Most prisoners spend their time dreaming about getting out of prison, but Myron Young, 27-year-old parolee, begged police to send him back to prison today—so he could escape his wife.

Young, suitcase in hand, told police he was on parole from San Quentin Prison, Calif. where he served time for armed robbery. He said he violated parole by leaving California.

Young told police he'd "rather feed the pigs and chickens on the prison farm" than live with his wife. He said he couldn't stand married life any longer. He's been married nine years.

DISCUSS CAPS FOR FIRE POLICE

Forty-eight fire police were present at the monthly meeting of the Adams County Fire Policemen's Association held on Monday evening with the Kingsdale Volunteer Fire Company as the host group. The possibility of obtaining a uniform, white cap and badge for all fire police in the county was discussed. Each unit captain is to inquire from his own company as to whether it might be possible for the individual companies to purchase caps and badges and the discussion will be continued at the August Association meeting.

John Basehoar, insurance agent, Gettysburg, was present together with a representative from Harrisburg of the United States Fidelity and Guaranty Insurance Company. Various types of insurance and the compensation plan were explained. It was stressed that members should be instructed that they may perform duties at fires other than those which involve the services of their own companies in order to draw the thirty dollars per week compensation, which also may be received along with other insurance.

Refreshments were served by the Kingsdale fire police. The meeting on August 10 will be held in Littlestown at the engine house at 8 p.m.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO
Gettysburg Scouts at Camp Conewago: The following Boy Scouts from Troop 80, Christ Lutheran church, are spending two weeks at Camp Conewago:

Robert Hanson, Mahlon Hartzell, Billy Phelps, Robert Deardorff, George Fissel, Cedric Tiberg, Samuel Daley.
Three scouts from Troop 76 are also at the camp. They are Robert Lefever, Murray Frazee and Charles Shuman.

New Physician to Locate at Biglerville: Dr. Raymond Oyler, son of Mr. and Mrs. Harvey Oyler, near Mummaburg, who was graduated from the Georgetown medical school, and who completed his internship at the Harrisburg hospital recently, plans to open an office in Biglerville about the middle of August or the first of September.

Textile Code Is First Signed by President: Washington, July 10 (AP)—President Roosevelt Sunday night signed the cotton textile code, the first under the national recovery act, fixing at \$12 and \$13 minimum wage in the north and south, respectively, and a forty hour work week for all mill employees.

The code, marking the first attempt of the federal government to regulate hours and wages in industry in an effort to stabilize production and purchasing power, will become effective July 17.

Local Man Weds in Hagerstown: Miss A. Catherine McDonnell, daughter of Mrs. Harry McDonnell, of Greenmount, and Jay R. Schmitt, son of Mrs. Beulah A. Patton, 22 West Water street, were married at Hagerstown, Monday afternoon by the Rev. J. M. Gillum, pastor of the Methodist Episcopal church.

They were attended by Miss Sylvia Topper and Ronald W. Adams.

Mr. and Mrs. Schmitt are residing at the home of the bridegroom's mother.

Dance at Caledonia: Approximately eighty couples attended the dance given at Caledonia Thursday evening by the Junior social committee of Gettysburg.

Members of the committee for the for the "summer frolic" were: Miss Virginia Mitchell, Miss Mary Bell, Miss Ruth Stouck, Miss Mary Stock, Miss Dorothy Myer, Donald Swope, William McIlhenny, Harold Dunkelberger, David Reaser and Howard Stauffer.

Music was furnished by Bud Corcoran's orchestra. Parents of members acted as chaperons.

County Girl Is Married Saturday: Miss Margaret Huff, daughter of Mr. and Mrs. W. Ross Huff, of Center Mills, and George D. Gebhart, Jr., of Mt. Holly Springs, were married Saturday afternoon at Frederick, Maryland, by the Rev. Mr. Travers, pastor of the Lutheran church.

For the past six months Mr. Gebhart has been bookkeeping at the Mt. Holly Springs national bank.

Marriage License: A marriage license was issued at the office of Clayton F. Palmer, clerk of the courts, Saturday, to George H. Praver, Gettysburg R. 1, and Lizzie Wherley, Mt. Joy township.

Lions, Rotas Plan Picnic: Everything was in readiness for the joint meeting of the Rotary and Lions clubs at Caledonia park Monday evening until—

H. B. Bender, of the Rotary club, and Professor Ira Y. Baker, of the Lions club, discovered they did not have a set of rules covering the marble tournament which will be one of the features of the joint meeting.

During the afternoon a golf tournament between Rotarians and Lions will be staged on the Graeffenburg course, and other contests include horseshoes, baseball and miniature golf at Log Cabin inn.

Dinner will be served at Log Cabin inn at 6 o'clock.

INTRODUCTIONS

The art of introducing friends
On clarity of speech depends.
For how can I acquaintance
claim
If I don't clearly get the name?

"Meet Mrs. Blurbie," says my host,
As though the man were
munching toast.
I call her "Blurbie" later on,
To learn her name is Littlejohn.

At parties, hands I've shaken
with
The sloops whose names were
Jones or Smith.

One introduced as Burr to me,
McGregor later proved to be.

And so I've started this crusade
For introductions better made,
For more distinctly spoken
names.

That Murphy will not sound like
James.

Today's Talk

By GEORGE MATTHEW ADAMS

ALWAYS EXPECT THE BEST

Have the venturing mind—always looking for better things and better times. When you doubt, fearful of something that may happen, all the joy of expectancy is killed. By expecting the best you are doubly assured of courage to meet disappointment. There are in this wonderful body of ours certain healthful germs that fight off the harmful ones, but so long as we feel well and happy the healthful germs have complete control. We don't even give them a thought. By keeping our thoughts healthy and our spirit high the best things of life will visit us far more frequently than not.

People who are forever fearing that something tragic is going to happen, many times get those fears realized. Then it turns out that they are not adequately prepared to meet the emergency. Worry usually accomplishes its wish! We are always happiest and healthiest when we go about each day cheerfully and with a joyous outlook.

I have known people who actually seemed to get enjoyment out of misery! At least you would think so to listen to their talk. On the other hand, how fortunate we are to meet with those who are always expecting the best to happen—and who look forward and plan to bring this about. It is so uplifting and inspiring to know people who keep pushing their happiness ahead, while others join with them.

All through life we come to hurdles that we have to clear, but it is best to get to them before we speculate on how to clear them. There is always a way provided if we keep our will in trim! Hardships are polishers. They are conditioners. We need rugged, experienced characters to take us through life—meeting all its events with readiness.

It is far better to aim for something that you want and fail to gain it, than to aim at nothing, and get what you don't want!

Tomorrow Mr. Adams will talk on the subject: "Tools."

Legislators Start Slashing Fine's Budget, 32 Million; Education, Assistance Hit

HARRISBURG (AP)—Lawmakers today readied between 30 and 40 million dollars in cuts from Gov. John S. Fine's \$1,400,000,000 budget for the current biennium.

Education and public assistance will feel the ax heaviest.

Chairman Norman Wood (R-Lancaster) said his House Appropriations Committee already has approved 32 million in budget reductions, including chopping the 110 million dollar relief appropriation to 105 millions.

Twelve millions in education costs would be trimmed by measures already in the legislative mill. This would include cutting kindergarten aid in half—from 8 to 4 millions—and reducing state subsidies for closed schools, mergers and jointures.

The Senate appropriations committee last night approved for a floor vote a host of appropriations bills, most of them revising downward figures asked by Fine. A committee aide said the cuts total about \$3,800,000.

High Appropriations
Action on money measures came as the House Committee prepared the huge general appropriations bill, expected to run between 700 and 800 millions, for entry in the lower branch.

This measure carries the bulk of expenditures for general opera-

ing) of the Senate Highways Committee put off until next Monday or Tuesday a committee meeting on a new truck weight ceiling plan. Backed by steel, oil and allied industrial groups, the new measure would increase weight limits on double rear axle trucks in Pennsylvania from 45,000 to 60,000, plus a five per cent tolerance before overweight laws are imposed.

May Adjourn Next Week
Snowden's decision to hold off a committee session lessened chances for passage of the measure this session if the lawmakers follow through on a plan to adjourn finally at the end of next week.

The legislative scene also saw: (1) The House Law and Order Committee bottle up permanently three proposals to legalize pari-mutuel horse race betting in Pennsylvania.

Revise Sales Tax
The first revision of the new sales tax law is up for floor action in the Senate after clearing committee.

It would include water bills and religious articles among the host of exemptions from the levy. The most important exemptions now are food and clothing.

In another development, Chairman John G. Snowden (R-Lycom-

(2) A desperate drive by House Republican leaders to seek Democratic support for a House reapportionment bill which now lacks sufficient GOP votes.

(3) The Justice Department work on clarifying amendments to a series of prison reform bills before the measures are called up for a final House vote after passing the Senate.

Increase Road Speed
(4) The House seeks a showdown on fair employment practices legislation, with only 50-50 odds that the lawmakers will approve the administration-backed plan to abolish discrimination in employment or union membership because of race, creed, color or national origin.

(5) The Senate pass a measure to increase the speed limit on open highways from 50 to 60 miles an hour. It went to the House.

Nearly 20 million dollars in budget cuts are expected to have clear sailing in the House since they were okayed by the House GOP caucus in May during the sales tax wrangle.
They knock out the governor's plan to set aside a half million dollars for rehabilitation of alcoholics, wipe out entirely a \$50,000 grant to operate the Pennsylvania Public Safety Commission for another two years and eliminate a \$137,500 appropriation for animal and poultry disease research at the Pennsylvania College.
Many departmental budget requests would be hacked by about 10 per cent, with heaviest reductions listed for the Labor and Industry Department.

11 Games Scheduled In Majors Today After All-Star Holiday; National League Race Resumes

By BEN PHLEGAR
AP Sports Writer

Major league ballplayers put away their fishing poles and go back to work today after a three-day midsummer All-Star holiday.

As if to make up for lost time, the majors scheduled 11 games for today and tonight, with most of the action coming after dark.

Charlie Dressen awoke from his three-day dream during which he controlled the talents of such pitchers as Robin Roberts, Warren Spahn and Curt Simmons and resumed his daily agony of trying to find a winning assortment from among the throwers on his Brooklyn Dodgers.

Brooks Face Cards
The Dodgers return to action with a game and a half lead in the too-close-for-comfort National League pennant chase, facing St. Louis tonight in the first of a four-game series at home.

Dressen, whose National League All-Stars came out on top at Cincinnati as expected, decided to give Preacher Roe another chance to recover his once-powerful wizardry over the Cards in the first game.

Milwaukee's second-place Braves open their third Eastern invasion with a night game in Pittsburgh and the homer-happy Cincinnati Redlegs visit Philadelphia for a twilight-night twin bill.

Yanks vs. Browns
The New York Yankees, winner of seven straight before the Dodgers stopped them last Sunday, renew their battle for a first division spot in a night game against Chicago.

The New York Yankees, who won every game on their last Western swing, open their third tour with a two-night double-header against the lowly St. Louis Browns. Casey's biggest problem at the moment is young Mickey Mantle, his All-Star center fielder, now reported suffering with water on the knee.

At Cleveland
From his Commerce, Okla., home Mantle reported he was ready to play in all four games against the Browns. But the indications were that Stengel would rest him for a vital double-header in Chicago Sunday.

The brash White Sox, who have moved from fifth place to a challenging second in a month, open their home stand with an all-day light twin bill against Washington. Cleveland's third-place Indians play host to the Philadelphia Athletics in a night game. Fourth-place Boston begins its invasion with a night game in Detroit.

Ben Hogan Wins \$16,604 To Top Pros
CHICAGO (AP)—Ben Hogan, king of golf, still tops American pros in money-winning although he has played in only four PGA-sponsored tournaments this year.

PGA statistics released today credit newly-crowned British Open Champion Hogan with 1953 earnings of \$16,604.

Although four tournaments have been played since his last domestic triumph, the U. S. Open June 11-13, Hogan's closest pursuer with \$14,266 is Lloyd Mangrum.

Play For Tennis Title On Saturday

PHILADELPHIA (AP)—First-seeded Mrs. Pearl Barandon of Haddonfield, N. J., and Mrs. Harry Hoffman, Philadelphia, will meet Saturday for the Eastern States Women's Clay Court Tennis Championship.

Mrs. Barandon eliminated Mrs. Winnie Gillford, Haverford, Pa., 6-2, 6-1 and Mrs. Hoffman, second seeded, defeated Betty Taylor of Haddonfield, 6-4, 6-3 in the semi-finals yesterday.

Mrs. Mary Stowe and Ingrid Lind, Haddonfield, advanced to the semi-final round in the women's doubles by defeating Edith Cressman and Alice Gottshall, Schwenksville, Pa., 6-3, 6-4.

GAVILAN WINS BY DECISION

MILWAUKEE (AP)—Cuban Kid Gavilan, world welterweight champion, working earnestly but not under full steam, scored an unanimous 10-round decision last night over busy and rugged Ramon Fuentes of Los Angeles.

Gavilan's title was not at stake in the bout, the first one ever televised nationally from Wisconsin.

Fuentes, eighth-ranked welterweight in the country, said in his dressing room after the fight that he had been bothered by the heat inside the Milwaukee Arena. The champion's opinion of the fight and his opponent was, "I went unanimous decision."

A slim crowd of 4,077, who paid a gross gate of \$13,419.20, favored the Californian throughout, resulting in more boos than cheers during the bout.

Gavilan received 30 per cent of the net gate of \$11,182.08, Fuentes 20 per cent. Each received \$3,600 from the TV receipts.

Idaville Upsets Shippensburg 5-1

Idaville won its 18th Cumberland County Baseball League contest Wednesday evening by defeating the Shippensburg Legion 5-1 on the latter's field.

Sterling Singley hurled for the winners, permitting four hits, fanning three and also walking three. Reed Kopp, Idaville catcher, secured the only extra base blow of the game, a double.

Score by innings:
Idaville 1002002-5-1
Shippensburg 0000001-4-3

Batteries: Idaville, Singley and Kopp; Shippensburg Legion, Cassidy, Pechar (6), and Rosenberry. Masland edged Friendship 6-7 in the other league game played.

By The Associated Press
TENNIS
CHICAGO—Top-seeded Vic Seixas, defending champion Art Larsen and third-seeded Tony Trabert moved into the National Clay Court quarter-finals. Maureen Connolly entered the women's quarter-finals.

YACHTING
HONOLULU (AP)—The schooner Goodwill of Newport Harbor, Calif., finished almost a full day ahead of the second boat in the Trans-Pacific races, but its chances of winning the prize were slim because of handicaps to other yachts.

RACING
CHICAGO—Queen Hopeful (\$22-20) won the \$105,735 Arlington Lassie Stakes at Arlington.

NEW YORK—Eatonstown (\$10-50) won the \$20,000-added Fleetwing Handicap at Jamaica.

BI-COUNTY RESULTS
In the only Bi-County League games played Wednesday Centerville defeated Mt. Pleasant 9-7 while Plainfield upset White Hill 6-2. The Blue Raiders were credited with a forfeit from New Kingston.

T R's COUSIN DIES
NEW YORK (AP)—Oliver Wolcott Roosevelt, 60, a distant cousin of the late President Theodore Roosevelt, died last night of injuries suffered in an accidental five-story fall from his Manhattan apartment.

Roosevelt's wife told police he slipped and fell through an open low-silled bedroom window Tuesday night. Roosevelt was an investment banker.

EARLY ODDS ON MARCHIANO FOR LA STARZA GO

NEW YORK (AP)—The early odds make Heavyweight Champion Rocky Marciano a 3-1 favorite over Roland La Starza in their Sept. 24 title fight at the Polo Grounds, but the college-bred challenger is unimpressed.

"I know I can beat him," the former City College of New York student said today. "I have wanted another shot at him ever since he won that split decision over me 3½ years ago. I didn't think he won then. I don't think he can again."

Fanfare And Brass
Although the fight has been more or less sealed for days, the contract-signing ceremonies were staged with the usual fanfare and presence of the sport's ranking brass yesterday at the offices of the State Athletic Commission.

Jim Norris, head of the International Boxing Club, predicted a half-million-dollar gate, not counting possible television monies, and said all video angles would be explored. He hinted home television is out if the \$500,000 expected gate might be jeopardized in any way. Theater TV is a distinct possibility.

The 29-year-old Marciano and the 26-year-old La Starza said they planned to set up training quarters in the next few days.

The bout will be the second between the two. Back in March 1950 when both were aspiring undefeated gladiators, Rocky beat Roland in a split decision at Madison Square Garden.

Fine Pardons One Prisoner
HARRISBURG (AP)—Gov. John S. Fine has issued these pardons and commutations of sentence based on the recommendation of the State Pardon Board following hearing of the cases at its June 15-17 hearings:

A pardon was granted to: Chester & Lancaster Counties—William Shifflett, larceny, burglary and violation of auto laws. Commutations of sentences were granted to:

Joseph Richard Palermo, Beaver County, voluntary manslaughter; Vincent Rossi, Chester County, subornation of perjury; John A. Palasco, Delaware County, burglary and larceny; Jarius W. Thayer, Indiana County, burglary and larceny; Arthur Kreischer, Northumberland and Philadelphia Counties, burglary and robbery.

Mahany said the proposed appropriations for all the colleges averaged about 15 per cent above what was given in the last two years.

"We cut them by five per cent—that still leaves an increase of 10 per cent."

Charlie Grimm, manager of the Milwaukee Braves, played in two World Series (1929 and 1932) and hit .389 and .333, respectively.

The longest losing streak by the Brooklyn Dodgers during the 1952 season was five games (July 25-29 inclusive).

DEATH THREAT BREAKS STRIKE
BERLIN (AP)—A Russian threat to shoot every tenth striker broke a new strike by workers in the big Zeiss Optical Plant at Jena. East League of Free Jurists reported today.

The league said Zeiss workers sat down on their jobs last Saturday in protest against the "empty promises" of reform by their Communist bosses. They demanded release of their comrades arrested in the June 17 revolt, the firing of the plant management, and restoration of free voting in all East Germany.

After three days of the sitdown, the league said, the Soviet commandant in Jena marched into the

Albany Captures Two From Elmira
By The Associated Press
There were sleepy heads in four Eastern League dugouts today after two extra inning tussles played by first division clubs.

In the first game of a double-header at Elmira last night—normally a seven-inning twilight affair—the Albany Senators battled the Binghamton Triplets before losing to the Blue Jays, 4-3, on Wally Habel's two-out singled that scored Bob Bowman from third base.

The Binghamton Triplets went 12 innings at Schenectady before losing to the Blue Jays, 4-3, on Wally Habel's two-out singled that scored Bob Bowman from third base.

The tight race in the Softball League became even tighter Wednesday evening when the Glenn L. Bream Garage downed the Moose 9-3 and the Elks upset the Lentz Legion 16-9.

The Moose got off to a fast start with three runs in the first inning on a walk to Nowak, double by Knox, another double by Brennan and a wild pitch. In the last of second inning Dick Altomose pounded a homerun to right center to dead-lock the score, sending over B. Kitzmiller, who had walked, and R. Hanky who was safe on an error.

Another run put the garagemen ahead and resulted on Fair's double, a fly and single by A. Hanky. Four hits, including a double by Carter, and an error produced five more runs for the winners in the fifth.

As a result of the victory the garagemen took over second place one game back of the league-leading Moose who have dropped three of their last four games.

Payoff aspirations of the Lentz Legion resulted a severe jolt when the Elks smashed out a 16-9 victory in the second game.

It was a free-hitting game all the way as the Elks collected 17 hits including three homers, two by Gilbert and another by Smith. Bill Knox and Jay Schmitt added triples. The Legionnaires poled 12 hits in the long contest.

The loss dropped the Legion into fifth place and enabled the Elks to move into the sixth spot.

BREAM GARAGE, ELKS TRIUMPH TO SNARL RACE

REDS CALL FOR RECESS UNTIL SATURDAY IN TRUCE TALKS

By GEORGE MCARTHUR
PANMUNJOM (AP)—The Communists called today for a recess until Saturday in the Korean armistice negotiations—presumably to consider a new Allied proposal—as speculation mounted that a break is near in the stalemated talks.

Authoritative quarters had predicted a showdown today. But the negotiators talked only for 24 minutes, and then recessed until 2 p. m. Saturday.

No Official Word
There was no official hint what went on during the brief meeting, which was delayed for 15 minutes while the U. N. Command delegation awaited a hurried message from its base camp at Munsan. But observers outside the weathered conference hut noted that Allied interpreters held the floor most of the time to deliver three Communist Correspondent Alan Winington of the London Daily Worker said the Reds asked for the recess, suggesting that the Communists planned to relay a new U. N. proposal to headquarters for an answer.

Gen. Mark Clark, the U. N. com-

mander, flew to Seoul from Tokyo today and accused the Reds of violating the secrecy which shrouds the armistice talks.

Clark told newsmen a Peiping radio report that Allied delegates staged a walkout at yesterday's negotiating session "violated the executive nature of the truce sessions."

Clark's sudden arrival heightened speculation that a crisis of some sort was impending at Panmunjom.

SAYS MATTHEWS DATA SHOULD BE GIVEN AIRING

WASHINGTON (AP)—Rep. Velde (R-Ill.) told newsmen today he believes J. B. Matthews should be given an opportunity to tell the House Un-American Activities Committee what he knows about Communist infiltration of the clergy.

But Velde added that a decision on Matthews' request to testify will be left to the committee at a closed meeting Monday.

Velde, chairman of the committee, said, however, that he is "not going to allow it to get into a Protestant-Catholic or religious fight." He said the committee would be interested "only in the facts."

Quit Under Fire
Matthews, who resigned under

fire last week as executive staff director of the Senate investigating subcommittee headed by Sen. McCarthy (R-Wis.), said in his letter to the House group yesterday that his request was suggested by "hundreds of citizens from all parts of the United States."

He said these citizens want him to "present exhaustive documentation on the Communist infiltration of the clergy."

Velde said he had read Matthews' magazine article which touched off a storm of criticism and led to the resignation of all three Democratic members from McCarthy's investigations subcommittee. Velde declined comment on the article.

Better Health for Better Living

THE LAST THREE DECADES have brought many changes in matters pertaining to health. The normal span of life has been increased materially. Consider diabetes, for example. Diabetes was first recognized about the time of Moses, or 200 years before the birth of King Tut. It was not until 1921, however, that a specific remedy was discovered. Today, through the use of Insulin and a balanced diet, the diabetic can reasonably expect to live about as long as anybody. Your physician will promptly recognize the symptoms of diabetes. He knows all about the treatment. And remember this, all advertised cures for diabetes are questionable. Don't be victimized.

REPORT FEWER TRAFFIC DEATHS

ALBANY, N. Y. (AP)—A vacation-period campaign supported by the governors of 11 northeastern states to cut highway fatalities today showed signs of success.

James R. Barrett, chairman of the Northeastern State Safety Coordinators, said traffic deaths in the 11 states last month dropped 13 per cent from those in June, 1952.

There were 414 highway fatalities in the area last month—64 less than the 478 recorded during June of last year. The same states had reported an increase of 297 deaths from road accidents in the first five months of this year compared to the same period in 1952.

The comparative June figures showed that Pennsylvania had 70 deaths this year compared to 118 last year and New Jersey had 56 compared to 66 in 1952.

MAN MURDERS PRETTY SINGER THEN ENDS LIFE

NEW YORK (AP)—The nude, bloodied body of a lovely blonde singer was found in her West Side apartment today by police who went there after reading a man's suicide note.

The young woman, Florence Forsberg, vocalist in the chorus of the Broadway hit, "Wonderful Town," had been beaten about the head and stabbed and there were marks on her throat, police said.

The death note was written by Lester Johnson, 25, who, police said, apparently killed himself with a rifle in his own bedroom about two miles away.

The note said: "I killed Florence Forsberg." And it gave her address—34 West 69th St., just off Central Park.

Dr. Jerome de Crosse, of Roosevelt Hospital, said she appeared to have been dead three or four hours when police found her. "Wonderful Town" stars Rosalind Russell. Showing at the Winter Garden, it is a musical version of the prize-winning hit play, "My Sister Eileen."

Police said Johnson's mother and sister heard a shot from his bedroom at 7:15 o'clock this morning.

Rushing in, they found him face down on the floor, a rifle protruding from beneath his body.

Mrs. Johnson said her son and Miss Forsberg had been friends. Acting on the note, a squad of police went to Miss Forsberg's apartment.

The body was in the disarrayed bedroom. Otherwise, police said, the apartment was neatly arranged.

No motive for the slaying could be learned immediately.

The Actors Equity Association said a Florence Forsberg was born in Port Francis, Ont., and that she entered the United States from Canada in 1946.

IKE RESPECTS PRESS, RADIO

WASHINGTON (AP)—President Eisenhower's attitude toward the men and women who report his activities for the nation's newspapers, radio and television stations is one of "healthy respect."

This word comes from the President's press secretary, James C. Hagerty, who was interviewed last night on the initial program of an

NBC radio broadcast series, "Report from the White House."

Hagerty, who has been with Eisenhower since the Chicago nominating convention last year, told interviewer Ray Scherer the President "has a healthy respect for the integrity and honesty of the men and women covering the news here in Washington."

"This goes for the top officials around Eisenhower, too," Hagerty said, adding:

"We don't always agree with what you write, but we don't challenge your right to write it."

Delay Pay Boost For State Workers

HARRISBURG (AP)—A salary increase for some 40,000 state employees was held up today pending a decision by House and Senate leaders at the size of the increase.

A 10 per cent boost has been urged by Gov. John S. Pine. He recommended the wage hike early in the 1953 session, but the proposal was delayed by the sales tax deadlock.

The governor, meanwhile, received a wire from the Pennsylvania State Employees Council (AFL) declaring that less than a 10 per cent boost "would be a gross injustice to state employees and their families." The telegram asked Pine to urge approval of a 10 per cent boost.

INCREASE TOBACCO CROP

HARRISBURG (AP)—The State Agriculture Department today forecast the Pennsylvania 1953 tobacco crop at 24,700 acres, six per cent above last year and 23 per cent below the 10-year average.

The acreage represents 24,400 of type 41 in Lancaster and adjoining counties and 300 acres of type 53, grown in Clinton and nearby counties.

One of Canada's most exclusive clubs is the Kaimai Chieftainship restricted to 35 members, all honorary chiefs of the Blood Indians of Southwestern Alberta.

CRASH MESSAGE FOUND AT SEA

HONOLULU (AP)—The Navy said last night evidence had been found indicating the 58 persons who perished on a Transocean airliner in the Pacific last Saturday knew the ship was going to crash.

The Hawaiian Sea Frontier said the Coast Guard weather ship Finch had picked up a piece of plywood in the crash area off Wake Island on which was written:

"Falling in."

A spokesman said no more information was available in Hawaii and he could not say whether the words were written with "pencil, lipstick or charcoal."

The search for more bodies was called off yesterday after 14 had been recovered.

The spokesman said there was a possibility the plywood was from the desk of the radio operator or from the rear of the plane where the stewardess worked.

Stevenson Returning Soon To Uncertain Political Future

By DON WHITEHEAD

WASHINGTON (AP)—Adlai Stevenson is winding up his world tour and coming home later this month to a political future still fuzzy around the edges.

It is far from clear just where Stevenson will fit into the Democratic picture even though many of his party still consider him to be their leader and spokesman.

There is nothing to indicate he intends to step back into the shadows and leave the field of leadership to others. His actions haven't been those of a man who has accepted one defeat as final. Even on a world trip he has kept his name before the people at home through his writings and statements.

Mention Symington

But it is becoming evident that an influential part of the Democratic party doesn't intend to see the 1956 presidential nomination go to Stevenson by default.

There were many Democratic leaders, particularly the old regulars, who never quite felt comfortable with Stevenson. It was not that they disliked or were opposed to him because of any particular philosophy or issue. They just never felt he was one of them.

More and more the name of Sen. Stuart Symington of Missouri is cropping up as a possible claimant to the Democratic nomination in '56. The talks persist that Symington is the man to watch in the jockeying for favorable position before the convention.

Draft Not Likely

That convention is a long time distant measured by political mileage. But it seems safe to predict

Harney

HARNEY—Mr. and Mrs. Lester Spangler, Barlow; Murray Fuss and Mr. and Mrs. Robert Strickhouser of Harney attended the funeral on Wednesday of their nephew and cousin, Pfc. Harold E. Lugenbell. Harold was killed in action in Korea April 17. Services were from the Molesworth Funeral Home in Damascus, Md. Full military honors were accorded at the grave in Morgan Chapel cemetery, near Woodbine, Md.

Mr. and Mrs. Erman Chipley, Mr. and Mrs. Robert Strickhouser of here; Mr. and Mrs. Richard Bixler and daughter, Littlestown, were visitors in the Lugenbell home in Bartholomews on Sunday evening.

Mr. and Mrs. George Bower spent Friday evening with Mr. and Mrs. Richard Ogden of Bendersville.

Rev. C. E. Held and wife left on the 8th of July for Chicago and Cleveland, Ohio. They expect to return to the parsonage the last of this week.

Mr. and Mrs. Nevin Ridinger and son spent Saturday evening in Hanover and Littlestown.

Mrs. Ellsworth Feeser, Taneytown, and Mrs. Anna Kises, of Littlestown, visited Wednesday with Mrs. Nevin Ridinger.

The Ladies UB Aid Society met Tuesday evening at the home of Mr. and Mrs. Elwood Strickhouser. The final meeting of committees for the preparation for the firemen's carnival, to be held Friday and Saturday, was held Monday meeting in the Luther Ridinger building. The ladies will serve food and the men are planning on games to provide a good time for all. Happy Johnny and his family will entertain Friday.

Mr. and Mrs. Samuel Valentine held their fourth annual July birthday party at the home of their

son-in-law and daughter, Mr. and Mrs. Stockton Rouze, Frederick, on Sunday. Mrs. Rouze had prizes hidden in grove. Robert Strickhouser was winner of the number guessing contest and Mrs. Samuel Valentine won of the bean contest. Six birthdays and a wedding anniversary were celebrated. A birthday dinner was served to the following: Mr. and Mrs. Samuel Valentine, Mr. and Mrs. Robert Strickhouser, Mr. and Mrs. Francis Haines and daughter, Dorrine, Mr. and Mrs. Eugene Waybright, Mr. and Mrs. George Valentine and children, Mr. and Mrs. Stockton Rouze and invited guests: Miss Regina Little and Mrs. William Willard and daughter, Dale Frederick.

On last Sunday afternoon Mrs. Daniel Yingling and children, Audrey, Daniel Jr., Donald and Donna, and Mr. and Mrs. Harry Clutz took a trip to Williams Grove.

Miss Shirley Valentine spent from Tuesday until Thursday with Mr. and Mrs. Harry Cline, Greenstone. Mrs. Ivan Reaver was returned to her home near here Monday from the Warner Hospital.

On last Saturday morning, Mr. and Mrs. Harry Clutz went with their daughter, Mrs. Wade Brown, and children to Camp Michaux, near Gardners, where their son, Marvin, was camping for a week. He returned home with them.

Saturday and Sunday guests of Mrs. Margaret Haines and daughter, Mary, where Mr. and Mrs. Jacob Snyder, Mr. and Mrs. Nevin Ridinger, Mr. and Mrs. Elmer Shildt and family, Mrs. Edna Snider, Mr. George Bower and Morris Haines, Connie and Patsy Snyder.

Mrs. Carl Baumgardner and Ellen Jane, of Littlestown, visited here last week with Samuel D. Snider and sisters, Ruth and Hannah. She also

TOWNSEND EXILED

LONDON (AP)—Princess Margaret's reported romantic interest, Group Capt. Peter Townsend, went off to a new job in Belgium by a secret route Wednesday. He left town two days before the princess is called on Norman Hess and daughter, Katherine.

Mr. and Mrs. Samuel Valentine and grandson spent from Tuesday until Thursday with friends in Waynesboro, Pa.

Mrs. Alice Showalter of Littlestown, spent a few days here with Mr. and Mrs. Morris Haines and family.

Mr. and Mrs. E. P. Shriver, Mr. and Mrs. George Shriver and sons spent Sunday with Mr. and Mrs. Donald Snaur of Lebanon, Pa.

The Primary room will have an outing Sunday, July 26, at the Taneytown Recreation Park.

due home from an African tour.

Townsend, 38-year-old divorced airman, has been named air attache at the British Embassy in Brussels after nine years as a palace eunuch. Some British newspapers have accused officialdom of "exiling" the handsome World War II hero because the Church of England frowns on remarriages by divorced persons, especially to royalty.

In the United States temperatures in September often are hotter than those in June.

THREE PENNSY BEAR HUNTERS ARE FOUND DEAD

GASPE, Que. (AP) — Police cordoned off an area of the rugged

Gaspe hinterland today in their investigation into the mysterious deaths of three bear hunters from Pennsylvania.

The bodies of Eugene H. Lindsey, 47, his son, Richard, 17, and Albert Claar, 20, all of Hollidaysburg, Pa., were found yesterday about 65 miles west of here in dense bush land, on an old logging road along the St. Jean River.

Police gave no details of their

findings and only officials taking part in the investigation were permitted inside the cordoned area. Nor was any information given out on the condition of the bodies.

A land and air search had been launched for the men last week after relatives, worried at not hearing from them, inquired their whereabouts. Lindsey reportedly had not hired a guide because he said he knew the area well from

previous hunting trips.

Food Provisions Intvet

The bodies were found three miles from the truck in which the men had left on their bear-hunting expedition in mid-June. The truck, with the expedition's food provisions practically intact, was discovered last Friday. The battery was run down.

Police said the fact the provisions appeared untouched indi-

cated the men may have died shortly after they entered the rugged terrain. The area is one of mountains, forests, and many lakes and streams.

Lindsey was a pipefitter in the Altoona Works of the Pennsylvania Railroad. His son graduated this year from Hollidaysburg High School.

Richard had accompanied his father several times previously on

CAIRO, Egypt (AP)—The British

Canadian hunting trips.

Claar, a friend of the family, accompanied Lindsey to Canada two years ago on an outing.

The trio left Pennsylvania June

announced today they were lifting immediately restrictions on road and rail traffic they placed around the Suez Canal zone town of Ismailia Monday.

The British had set up roadblocks and started checking all traffic in and out of the mid-Suez center. They charged that a British airman, missing since last Thursday, had been abducted and at least one Egyptian officer was

implicated. The Egyptians denied any part in his disappearance.

The British move is expected to ease somewhat the mounting British-Egyptian tension touched off by the establishment of British manned roadblocks and check points on Monday.

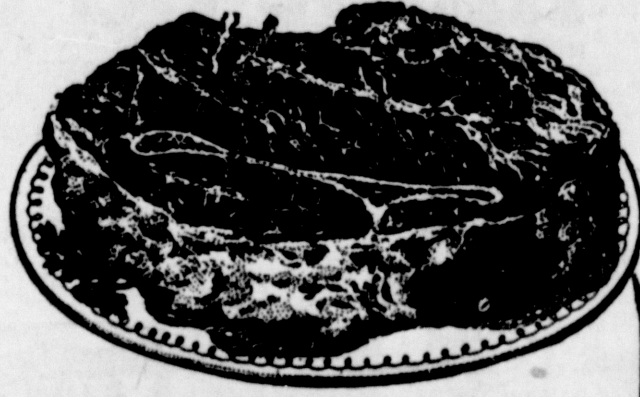

Ohio water experts report that about 20 gallons a year falls on each square foot in that state.

NEW CLOTHES TO GIVE WOMEN "GOBLET" LOOK

By DOROTHY ROE
AP Fashion Editor

NEW YORK (AP)—Ladies should look like goblets next fall, says Christian Dior, clothes designer of Paris and New York.

Dior terms it the "chalice look," thus confusing the copyists who have just climbed on the bandwagon promoting their versions of his "tulip look" of last spring.

The "chalice" differs from the "tulip" in that it employs no padding or stiffening to achieve the rounded line from collarbone to bust, but relies instead on cut and drapery to gain much the same effect. Every line above the belt in Dior's designs for fall achieves a rounded look, as if his cutters had used a compass.

Rounded Shoulders
Shoulders are rounded, and flow into the sleeve line with no break.

The French designer, now doing a land-office business in New York, thinks of skirts merely as "stems" this season, and makes them completely straight and narrow, except for a few exceptions in the cocktail and evening dress category.

The small waist is accented, often by a wide cummerbund.

With his ensembles, Dior shows small pillbox hats, worn absolutely centered and tilted slightly forward.

Dr. Frank Conrad, famed radio engineer, says he built his first radio set in 1915 to hear time signals from Arlington, Va., and settle a \$5 bet about the accuracy of his \$12 watch.

Sign Ag Program With Chilean Chief

SANTIAGO, Chile (AP)—Dr. Milton S. Eisenhower, who is making a fact-finding Latin American tour for his brother, President Eisenhower, yesterday signed a point four agricultural program with Chilean President Carlos Ibanez Del Campo.

Ibanez gave his visitor a letter to President Eisenhower and two photographs of himself.

Foreign Minister Oscar Fenner told newsmen the Eisenhower visit will "have an enormous influence on Chilean international policy" because it will "accentuate the Inter-American sentiment here."

The Eisenhower party left for Montevideo, Uruguay, today.

M'CARTHY ASKS TRIO TO RETURN

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) sent a "let's-bury-the-hatchet" letter today to the three Democrats who angrily resigned last week from the Senate investigations subcommittee he heads.

Saying he was writing with the approval of the three other Republican members, McCarthy declared:

"I want to assure you that if you have changes to suggest in our methods of operation, we shall be happy to sit down around the committee table to discuss your viewpoints with you and to consider your suggestions and recommendations."

Senators McClellan (D-Ark.), Symington (D-Mo.) and Henry Jackson (D-Wash.) quit the subcommittee after the four Republican members voted to give McCarthy sole power to hire and fire staff employees.

REVIEW TEMPLE RED PROBLEM

PHILADELPHIA (AP)—The case of the suspended head of Temple

University's Philosophy Department, who refused to answer questions before the House Un-American Activities Committee last February, has been referred to a special legal council.

Temple trustees announced after a special meeting yesterday that records of a closed hearing as special

faculty-administrative loyalty committee conducted for Dr. Barrows Dunham in May would be turned over to the council for "review and opinion."

Dunham was suspended March 1 by Dr. Robert L. Johnson, Temple's president and retiring head of the government's Overseas In-

formation Service. Pennsylvania law requires all employees of state-aided schools to swear they never have been members of a group dedicated to the violent overthrow of the government.

Trustees said final action would be taken in Dunham's case after the special council submits

Origin of the U. S. Memorial Day is said to be an order by Gen. John A. Logan, in 1888 when he was commander of the Grand Army of the Republic, northern Civil War counter-part of today's

American Legion, requiring all posts to hold ceremonies during which flowers were to be placed on war graves.

ADVERTISE IN THE TIMES

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today... for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest-priced truck line of all! Come in and talk it over with us.

EDITOR RAPS APPOINTMENT OF ATTORNEY

WASHINGTON (AP)—Nomination of J. Julius Levy of Scranton as U. S. attorney for the Middle District of Pennsylvania has drawn attack from the editor and publisher of a Pennsylvania weekly newspaper.

Burton E. Howards of Wilkes-Barre, who described himself as publisher of an independent miner's weekly, told a Senate Judiciary Subcommittee yesterday he firmly believed Levy "is not the proper person" to hold the post.

Howards testified that Levy had "devious ways of winning cases," and that his (Howards') opposition stemmed from Levy's appearance as an attorney for defendants in a GI trade school case that cost the government "millions of dollars."

The editor said "some of the people" involved in the school case had been convicted but that there were "about 75" other persons who Howards said "didn't even appear before the grand jury."

Howards urged the committee to call former Atty. Gen. J. Howard McGrath, former Sen. Myers (D-Pa.) and a Pennsylvania secretary of state he did not name, to testify so as to shed more light—as Howards put it—on Levy's activities. "Did he use illegal or corrupt means in winning acquittals in U. S.

such cases?" inquired Sen. Langer (R-ND).

"Yes," replied Howards, "in the so-called GI schools racket." Howards claimed prosecution of a number of defendants was "fixed" and that McGrath had "interfered with the whole thing."

Langer said his subcommittee must meet to decide what to report to the full Senate Judiciary Committee on Levy's nomination.

RELEASED ON PAROLE
LEWISBURG, Pa. (AP)—Patrick McCall, Lansford, Pa., publisher and contractor sentenced to a year and a day sentence for income tax evasion, was released on parole from federal prison yesterday.

Last month the parole board in Washington granted McCall a parole at the completion of his minimum sentence of 5½ months. He began the term on Feb. 2.

McCall pleaded no contest to charges of evading payment of \$84,000 in 1944 and 1945 taxes.

ORDERS FIVE DIESELS
PHILADELPHIA (AP)—The Baltimore and Ohio Railroad has placed an order with Budd Co. for five self-propelled diesel passenger cars with delivery scheduled for next month. Budd said three units on order are 89-passenger models, and two are 71-passenger models providing a 17-foot baggage express compartment.

Since Jess Willard knocked out Jack Johnson at Havana, Cuba, in 1915 only one heavyweight title bout has taken place outside the means in winning acquittals in U. S.

HOUSE GROUP

(Continued from Page 1)
for non-Federal land of approximately equal value, which land, upon acceptance by the United States, shall become a part of Gettysburg National Military Park."

No Cost To U. S.
In the committee's report to the House, it was pointed out that no expenditure of federal funds is involved. The Department of the Interior has recommended passage of the bill. The Park Service has described as "of minor significance" the land to be conveyed by the federal government. It is to be exchanged for "property of historical significance" that may be made a part of the National Park here.

Favorable reports on the bill from the Department of the Interior and the Bureau of the Budget were attached to the committee's report. The Gettysburg Joint School Board Monday evening authorized its planning committee to take an option on approximately 23 acres of land understood to be satisfactory to the National Park Service.

Today's combat planes sometimes carry as many as 2,000 electronic tubes.

DEVELOP WHEAT FREE OF RUST

WINNIPEG (AP) — Alberta-born Robert McGinnis has a way with chromosomes. Working in a laboratory at the University of Manitoba, the bespectacled University of Alberta graduate is maneuvering the chromosomes of wheat cells to produce a variety that is completely rust resistant. Rust is the worst enemy of bread wheat.

The secret lies in the number of chromosomes in a cell. Wild wheat varieties that are highly rust-resistant have only seven but they are also of low commercial value. Bob is busy crossing these with domestic varieties of high commercial value with 21 chromosomes but a low resistance to rust.

His first problem was the sterility of his first hybrid wheat, the cross between a wild variety and the domestic Durham.

He solved this one by treating the sterile wheat with a drug called Colchicine which gave the sterile chromosomes fertility and allowed him to continue crossing the hybrid with other varieties. It was a high-priced remedy. Colchicine costs \$9 a gram—seven times as much as gold.

RUSTLER TROUBLE

BENSON, Ariz. (AP) — An employee at Jim Finley's ranch at Dragon recently found the remains of a \$125 heifer which had been beaten to death with an iron bar. One shoulder of the calf had been hacked off with a broken whiskey bottle. The rustler, who was arrested by Range Deputy Pete Haverly, was a 67-year-old transient from Texas. He has been committed to the Arizona State Hospital at Phoenix.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headache, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Tree Will Remain As Natural Bridge

VISALIA, Calif. (AP) — California's famed Sequoia National Park may have acquired a new tourist attraction as the result of recent windstorm.

Park officials report a giant redwood felled by high winds landed across scenic General Highway and engineers say it would be cheaper to tunnel the road underneath than to move the tree.

Consequently, the 2,000-year-old forest giant may remain as a natural bridge.

OF PRIME IMPORTANCE

Priming is to paint what the foundation is to a house. The most important of all coats of paint is the primer. It forms a quick protective film on wood to prevent the penetration of moisture from fog or rain.

GODIVA WITH A BOB

DALLAS (AP) — Police arrested a woman driving down a street here without benefit of clothing. However, unlike the legendary Lady Godiva whose long tresses covered her when she rode horseback through Coventry, England, the Dallas girl wore her hair in a feather-length bob.

Set Up Plant For New Color TV Tubes

LANCASTER, Pa. (AP) — Preparatory to the date when such items may become commonplace, RCA has set up a pilot production plant here for the manufacture of color-television tubes. It has a capacity of 2,000 tubes a month. The company explained the experiment as serving as a prototype for other units in the establishment of factory facilities for large-scale high-speed production whenever that time comes.

Pisa Is Enjoying New Tourist Boom

PISA, Italy (AP) — The leaning tower of Pisa, which has been giving tourists cricks in the neck for 600 years, is at the top of her tipsy glory these days. For reasons pleased Pisans don't entirely understand, their tilting tower is drawing the biggest crowds of sight-seers in her history.

Visitors are jamming this city of 70,000 population so tightly it's hard to find a place to park a car. Some drivers, intent on a view of the tower, park near the city outskirts and return to the center by horse-drawn carriage. "Nothing like this has ever happened before," announced the Pisa tourist office, rubbing its hands.

MODERN IDEAS INJECTED FOR CENTERPIECES

By ADELAIDE KERR
The Associated Press

Try a flower lake or one of the new inside-the-vase arrangements as a centerpiece for your next dinner party.

Both have an intriguing quality of mystery. Both are in line with a trend for centerpieces low enough to enable people to see one another across the table without strain. Both can be done inexpensively — and by you, if you have a little patience.

Here is the flower formula for the inside-the-vase arrangement suggested by Benny Hubbard, of Irene Hayes Inc., one of the country's leading experts in flower arrangements. It is one of four he worked out for the dinner tables of busy women, who have to consider practicality as well as effect.

Take a big crystal goblet about eight inches high. Set a pinpoint flower holder inside the glass and make a colorful flower and foliage arrangement about seven inches high. Gently set the arrangement inside the goblet and put in enough water to cover the base of the holder. Shimmering in candle light, this is both intriguing and smart. It is particularly practical of you are dining out of doors.

Making Flower Lake
For a more important centerpiece, there is the mysterious flower lake. This one is best done with gladioli — flame or shell pink. Strip the bloom of the stalk and cut off its short stem just below the point where the petals join. This leaves a hollow center in the bloom. Nest a bud in this hollow to produce a floral effect of exotic beauty. Spear all together with two ordinary pins, inserted horizontally. Prepare as many of these as you need, but make it an uneven number.

Take a big shallow container, preferably glass, to make the lake. In it float tendrils of baby ivy or fancy caladium. Now stud the whole with floating gladioli blooms for the effect of a dreamy flowerlake.

For a simpler effect, you can build a flower mound, using a shallow wide container or bowl with a pinpoint holder set in the bottom. Stud the holder with blossoms — violets, freesias, geraniums or whatever pleases you. The stems should be cut so that the border flowers just clear the top of the container and the others rise gradually higher in a gentle mound effect. Add a touch of foliage here and there. Simple as this one sounds, it is a charmer if well done.

Other Ideas
Here is another idea that will give your table a groomed look for every day and set a base for quick decoration trick when un-

expected guests arrive. Set a pinpoint flower holder in a glass bowl. Get philodendron vines was, the roots clean and arrange them gracefully in the bowl, so that some of the vines droop over the sides. That makes the piece for every-day use. When unexpected guests arrive, you can add a dozen daffodils, zinnias or geranium clusters in a few minutes to give a more festive effect.

Stanley Companion Will Be Honored

LUANDA, Portuguese Angola (AP) — A long forgotten old man has suddenly become the centre of a dispute of generosity between Belgian Congo and Angolan newspapers. He is Manuel Nunes Teixeira, the last surviving companion of the great Stanley. Teixeira was

taken on by Stanley while he was sixteen, when the explorer, who had just been sent to the new Congo Free state, created by the Berlin conference, stopped over at Madeira. Teixeira accompanied Stanley on many a trip until he settled on the Angolan side of the Congo-Angola border near Maquela do Zombo. Teixeira never made a fortune and, at 87 now, has a rather hard time.

At least three Congo newspaper have asked that the Belgian government pay a pension to the old man and invite him to the forthcoming inauguration of the new monument that is to be built in Leopoldville in honour of Stanley. The Luanda press answered by asking that the Angolan authorities should not tolerate a Portuguese to live from foreign charity and that they should grant him a pension.

WHY PAINT BRICK?
Scientific tests have shown that painted brick structures are cooler and less humid inside than unpainted brick walls. Clear water-proof coatings are sometimes used to impede water seepage and still preserve the appearance of the brick. Both clear and pigmented brick paints are available at well stocked paint stores. They are easy to apply.

CALIFORNIA SILVER REPORT
SAN FRANCISCO — About 89 per cent of the nation's quicksilver, or nearly 2 1/2 million flasks valued at approximately 150 million dollars, had been mined in California up to 1953. Almost all of the quicksilver mines are in the Coast ranges between Lake County and Santa Barbara County.

MORE CHURCHES THAN GAS PUMPS

MEXICO CITY (AP) — There are ten times more churches than service stations in Mexico. Catholic church officials say there are approximately 16,000 Catholic churches, plus 710 of other faiths, scattered over the nation.

Pemex, which handles all Mexico's petroleum business, says there are 1,599 service stations — plenty for all local and tourist trade. It contends there is no shortage of such gasoline and oil outlets. But stations are not grouped four to a crossroads as in many American cities.

Cholula with a population of around 10,000 has 280 churches. In the immediate area there are 365, one for each day of the year. The state of Puebla, in which Cholula is located, has 1,898. Mexico City has 311 Catholic churches, and is building an estimated 25 or 30 more.

Many of the new churches are a radical architectural departure from the traditional cathedral with its spires and turrets. Modernism is the trend, and some of the new edifices might remind visiting Americans of the more ornate all-glass supermarkets.

DIESELIZED RAILROAD

SAN FRANCISCO (AP) — Western Pacific Railroad has achieved complete dieselization, except for occasional use of steam power in periods of peak traffic and in standby service. Diesels handle 99.4 per cent of freight traffic, 100 per cent of passenger train miles and 98.2 per cent of year service locomotive hours.

Chinese Experience Trouble With English

PENANG (AP) — The Chinese principal of an English school described English as a most complicated and intricate language and appealed to "natives" of the tongue to be more sympathetic towards those whose mother tongue is not English.

Looi Chee Eng, headmaster of the Francis Light School, told student teachers in an address that he as well as others had inherited a legacy of mistakes in English from their former teachers.

This could be passed on to future generations, he warned, unless the student teachers of today would acquire a deeper knowledge of the language and make necessary corrections.

Town Forgets To Hold Its Election

BREWSTER, Neb. (AP) — It was purely an oversight, an official explained, but this incorporated village of 69 persons forgot to hold its 1953 city election recently. It made little difference, a spokesman for the city fathers said. There were no contests for offices and the old members of the village board will carry on for another year.

Saved about \$25 in election expense, too, the spokesman said.

Ice Cream Vendors Cause City Headache

LUBBOCK, Tex. (AP) — The happy chimes of the ice cream vendor are giving city officials here their biggest headache in years.

Until recently Lubbock's colorful ice cream trucks chimed up and down neighborhoods unchallenged. Then several citizens complained. They worked nights and the chimes disturbed their sleep. Besides, how could children take their naps when the chimes kept them awake.

Didn't the police know it was against the law to use amplifiers

for commercial purposes? Sure enough, it was. A city ordinance prohibits such amplifiers. The ice cream men were told to shut off their music. More complaints came in — this time against the silence. Such as:

"How are we to know when the ice cream man comes around if we can't hear him?" — or — "Why don't the men sound their chimes any more?"

PHOENIX, Ariz. (AP) — An average of 1,000 new settlers a week move into Arizona. Charles R. Sligh Jr., president of the National Association of Manufacturers, told the Phoenix Lions Club recently.

Reds Order More Grain To Be Grown

HONG KONG (AP) — The Chinese Communist regime has called upon its farmers to produce more grain and its consumers to eat less. This was to enable China to build up a grain stockpile necessary to its Five Year industrialization plan, according to the party newspaper, the Peiping People's Daily.

Peiping also told the farmers not to divert any more acreage from grain to cotton. Government cotton prices have been cut and grain prices boosted. The Reds

have subsidized cotton during the last three years and now anticipate some trouble in reversing the trend.

HONG KONG (AP) — The Chinese Communists are issuing five-year redemption bonds to raise about one billion U.S. dollars for various construction jobs this year, according to press reports.

Builds Bird Houses To Ease Conscience

CHATTANOOGA (AP) — G. C. Dykes has a real housing project in his back yard here, all because he killed some birds as a boy.

Seventy-eight couples make their homes there and all of the families are named Martin. They are the bird branch of the Martin

family. The birds are all nesting in gourds suspended from two poles that Dykes put up after his conscience started bothering him years ago.

"When I was a kid, I killed quite a few birds," he says, "and for the last 26 years I have tried to make up for the birds I killed. I have spent hundreds of dollars on bird houses and boxes."

BELGIUM LISTS CENTENARIANS

BRUSSELS (AP) — Some 45 Belgians, 37 of whom were women, have reached the age of 100 years, according to private statistics published here. Belgium has about eight and a half million inhabitants. In 1900, the country reported only eight 100 or more years old Belgians.

Unofficial figures for 1900 were eight; for 1910, 16; for 1920, 18; for 1930, 23 and for 1947, 17. The lower 1947 results are attributed to the hardship of the war years which particularly affected older people.

East Berlin

The Bayard O. Whittington family, who reside along the Cone-wago Creek, are preparing to move to the nearby property purchased in late June by her father, George E. Mummert, at public sale from R. Eugene Tanner. The Tanners are now residing on their new farm near Two Churches. Mrs. Whittington has been very ill for the past year due to a palsy condition, but is reported somewhat improved.

Mr. and Mrs. Chester Pifer and daughter, Mrs. Carl V. Heberling, with Mr. and Mrs. Harry Roland and children, Robert and Gloria, have returned from a vacation trip to Ocean City, N.J.

Mr. and Mrs. William J. Frey were among those at the recent dinner-dance at a Harrisburg hotel for alumnae of Harrisburg hospital nursing school. Mrs. Frey, a graduate of the school, was formerly Miss Mary Louise Altland.

Plans are forming rapidly for

the variety of activities to be offered the public on Saturday, August 1, at the annual "Paradise Picnic" for the benefit of Paradise Catholic church.

The site will again be the Adams County Fairgrounds, "Farmers Grove," and there will be musical entertainment in the evening. Many cash donations to help defray picnic expenses have already been received by Francis F. Elder who has acted as treasurer for many previous Paradise picnics.

The property of Mrs. Samuel D. Kling, situated on Locust St. and recently vacated when Miss Beulah Livingston moved to another Locust St. house, has been taken by Mr. and Mrs. Richard Herman, of near Willsville.

Mr. and Mrs. Norman Rohrbaugh and family, Mr. and Mrs. Harry H. Mummert, Mr. and Mrs. Lloyd Heiner, Mrs. Donald L. Diehl, Miss Darlene Mummert, Mr. and

Mrs. Melvin Rohrbaugh and sons, John and Robert, were among those attending the annual reunion of the Heiner-Hiner-Heinard family last week at Senft Park near Spring Grove.

Mrs. Leo Martz and son, Donald, have returned to their home along the Conewago after a short visit in Baltimore.

Dennis Eugene, infant son of Dale and Louise Ruppert Wolf, R. 3, was baptized at a recent service of Trinity Lutheran church. Mrs. Elda Grim, who divides her time between her home here and that of Hanover relatives, is now in Hanover after a trip to Texas where she was entertained by her son, John, and his family.

Miss Evelyn Lee Inskip, who had spent several weeks in Philadelphia with her sister, Mrs. George Niedhammer, and family, returned with the Niedhammers recently for a short visit with her

Automotive engineers at Willys Motors Toledo plant are testing performance of a famous Jeep motor. Clean natural gas is being used as the fuel, because it leaves no carbon deposits . . . keeps the motor's insides

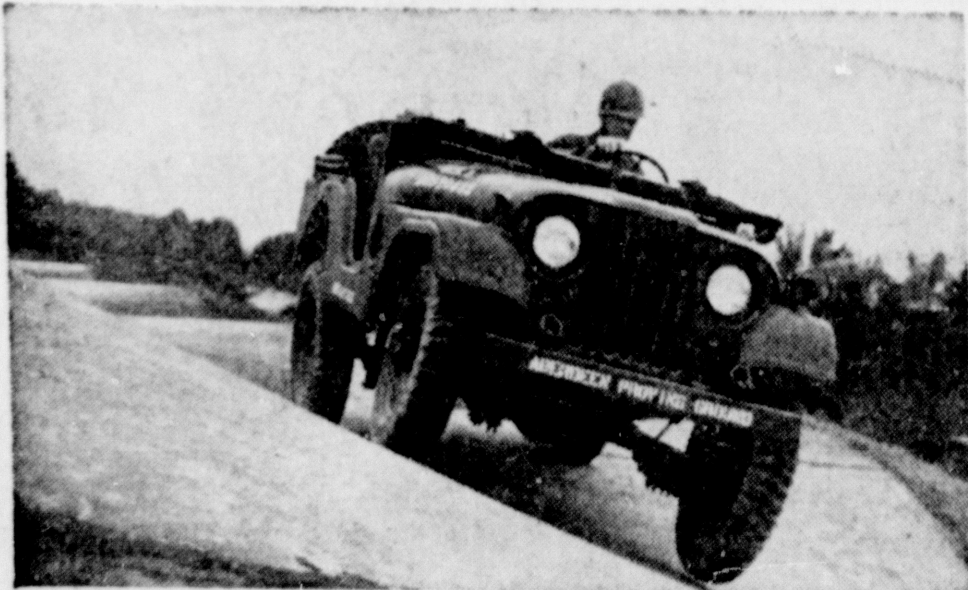

clean and bright for the future owner. This is just one of the many uses of clean, efficient gas in the Willys plant. Gas for Willys Motors is supplied by the Ohio Fuel Gas Company, a customer of Texas Eastern.

THIS CAR MOTOR IS RUNNING ON NATURAL GAS!

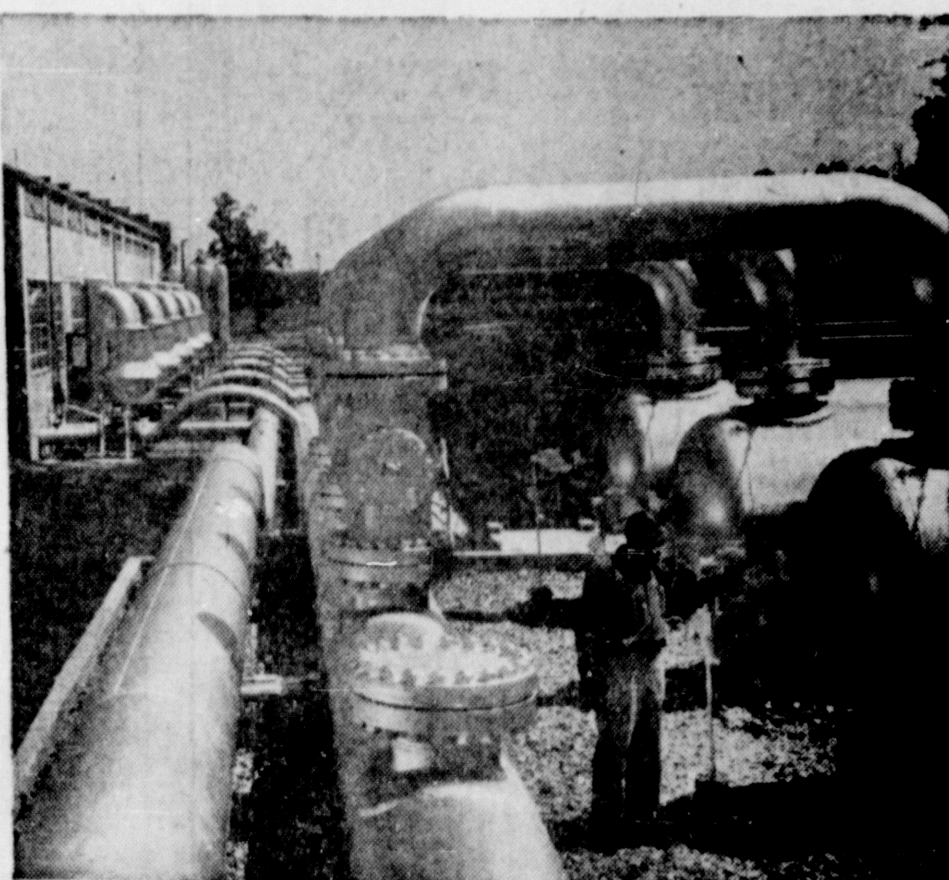

Gas is vital to the manufacture of automobiles. For longer wear, gear teeth are hardened under intense gas heat. Most of the steel frame and engine forgings are tempered in gas furnaces. Body finishes stay brighter longer because of baking in gas-fired

ovens. Even engine motor performance is factory-checked with gas! Just about everything that makes up the automobile you drive has been made better because of gas.

East Germany's Minister Of Justice Faces Death; Fanatical Woman Judge Takes His Place

BERLIN (AP)—East Germany's Red government held its purged minister of justice, Max Fechner, on a death-punishable charge today and installed a bloodthirsty woman judge in his place.

Prime Minister Otto Grotewohl's Cabinet announced Fechner's ouster last night as an "enemy of the republic."

It was the first shakeup in Soviet zone leadership announced since the recent East German rebellion and the Kremlin's purge of Soviet police boss Lavrenty P. Beria.

Second In 12 Hours
"Red" Hilde Benjamin, vice president of the East German Supreme Court and a long-time

Communist, was named to succeed Fechner. Her elevation was a direct contradiction of the softer "new course" recently trumpeted by the German Reds.

Word of Fechner's axing came less than 12 hours after Moscow radio announced that the Beria purge had knocked off one of his top lieutenants in the Soviet republic of Georgia, Minister of State Security Vladimir G. Dekanozov. The broadcast said he had been expelled from the Communist party. Presumably he also lost his government job, though this was not stated specifically.

The first blow in what appeared to be the beginning of the anti-

Communist purge did not strike either of the two most hated Communists in the regime, Walter Ulbricht, deputy premier and party secretary general, and State Security Minister Wilhelm Zaisser.

Was Expected To Go
Westerners have expected Ulbricht to go ever since the June 17 outbreak of rebellion. Policeman Zaisser's fall has been predicted since the disgrace of Beria, communism's top man in the line.

Instead, the first ax chopped down Fechner, 60, bald, heavy jowled, a former toolmaker, and a former Socialist who espoused communism in 1946. Of all the top Communist clique, refugees say he was the only one who ever showed human sympathy and understanding toward the victims of the system he enforced.

His son and daughter-in-law also were seized.

Fanatical Communist
Fechner's successor, 50-year-old Mrs. Benjamin, has been a fanatical Communist since 1928. The Nazis murdered her husband, a

WESTERN BID FOR BIG FOUR MEETING GIVES REDS "HOT ONE"

By JOHN M. HIGHTOWER
WASHINGTON (AP)—Western proposals for a Big Four meeting on Germany put squarely up to Moscow today the next move in the

Jewish doctor, in a concentration camp. Though also a Jew, she and their son escaped their attentions.

She started practicing law after the Soviet occupation and was appointed to the zonal justice department in 1947 as an assistant to Fechner. Together they set out to "democratize" justice by suppressing all "reactionaries."

developing diplomatic battle over German unification.

The proposal is regarded here as a hot one for the Reds to handle, because reunification is something that no country which wants support in Germany can be against.

And yet the unification which the United States, Britain and France clearly seek is one which would associate a united Germany closely with the West and, if possible, bring it into the Western European defense lineup.

3 Subjects Proposed
The proposals for a meeting "of limited duration . . . about the end of September at a place to be mutually agreed" were made to the Soviet yesterday in similar notes delivered to U. S. S. R. embassies in London, Paris and Washington.

These three subjects were proposed for discussion:

1. The organization of free elections in West Germany, which is controlled by the western Powers, in divided Berlin and Soviet East

Germany.

2. Proposed creation of an all-German government "with freedom of action in internal and external affairs."

3. Final agreement on a treaty ending the occupation and restoring the independence of Austria.

BEAN BEETLES TAKE HEAVY TOLL

Throughout the East and North readers report an unusually heavy infestation by Mexican bean beetles this year. One home gardener, typical of thousands, writes the editor that the methods of control that have proved effective for the last several years are almost useless this year. Therefore, it is timely to review measures to correct losses home gardeners, farmers and commercial growers have already suffered.

First among facts is the importance of planting late bunch beans at once. There is still time to plant and bring a full late crop to edible size before fall frosts arrive. Emphasis should be placed on the importance of hastening germination of seed by soaking the bottom of the row before seed is covered. Next, if materials are procurable it will be wise to mulch late beans with straw, waste hay, shredded stalks, grass clippings, immature weeds or other available vegetation to conserve moisture and thereby carry the plants through likely dry spells and keep them growing steadily.

Recommendations below for complete control of the Mexican

bean beetle should be put into full operation in order to protect this essential late crop. These steps in combat and prevention may be taken to save many plantings of beans that are now threatened with destruction by unusually heavy attacks by beetles.

In every case where it is possible to start war against the Mexican bean beetle early, gardeners should search for and destroy the masses of yellow eggs fastened to the under sides of the leaves. One mass of eggs so destroyed means from 30 to 60 fewer beetles and their hungry young larvae later.

Because the adult beetles readily fly from one garden to another and from farm to farm, bean beetle control is actually a community-wide task. In regions where commercial snap bean growing is an industry many commercial growers provide free insecticides and equipment for small gardeners in order to prevent reinfestation of their fields from a few rows of beans allowed to serve as an incubator for the neighborhood in one or a few small gardens.

Rotenone remains the most effective insecticide. Where the dust has proved ineffective earlier this

season, gardeners are advised to increase the rotenone content. For example, most ready-mixed rotenone dusts contain from 0.5 to 0.75 per cent active rotenone, and are so marked on the container. Where these have failed to control the beetle, growers should buy and apply one of the 1 per cent dusts now available.

If a spray form of rotenone has been used and is not proving effective, it is probable that the actual rotenone content has been 0.015 per cent. Step this up slightly in these cases.

Read the directions carefully on containers of derris powders because strengths vary according to the brand.

In all cases be certain to coat the under sides of bean leaves with the insecticide. Do not waste insecticides by merely coating top leaf surfaces.

Rake up and burn all bean refuse as soon as harvest is completed or after the pests have destroyed the plants.

Write the editor in all cases of doubt.

PREVENTING CHERRY LEAF-SPOT

Cherry leaf-spot is widespread throughout the East and North. It is caused by a fungus that lives over winter on fallen leaves infected the previous season. By the time new foliage appears in the spring, spores on the old litter actually shoot into the air to infect the new leaves where summer spores multiply and spread to other trees and parts of trees. Every cherry grower should know and practice careful prevention measures because tree vigor and then cherry production in turn de-

pend largely on how fully each tree brings all its foliage through the entire season without injury. The first evidences of cherry leaf-spot are seen as rather small purplish spots which later enlarge and turn brown as the affected tissue dies. Usually one half of each leaf is more heavily spotted than the other half. Often only a small proportion of the leaves are infected but in damp rainy weather the spores may multiply rapidly and so many leaves are stricken that the tree may be almost defoliated before cherries are harvested.

As frequently mentioned here in discussions about guarding potatoes from leaf diseases such as blight and the condition known as hopper-burn, the cherry grower should primarily seek to grow a heavy crop of leaves. This end means a vigorous tree and thus a better than fair chance of a heavy fruit yield.

One of the most important opportunities of the year for reducing cherry leaf-spot comes after cherries are harvested. Then a fungicidal application destroys most of the active spores to reduce over-winter survival and at the same time affords them ample facilities to continue its full leaf functions until fall frosts come to kill the leaves.

For many years commercial cherry growers used lime-sulphur concentrate for this post-harvest spray and it is still an effective fungicide. But in recent years growers are turning to the commercial wettable sulphurs. Of course, Bordeaux mixture will likewise serve but it should never be used on sweet cherries or the English Morello and Wragg varieties of sour cherries. This is par-

ticularly true of the earlier sprays made after bloom petals fall.

It is quite sound for every commercial cherry orchardist to continue to follow the recommended spray advice furnished by the state agricultural experiment station through the local county farm agent. But owners of only a few backyard trees or small home

orchards where equipment and other means of spraying do not permit following the state program in full may safely use wettable sulphur for their post-harvest application, mixing it according to directions on the container.

It is necessary, of course, to use good pressure to insure coating of all the leaves. Then because sur-

viving fungi live over winter in fallen infected leaves, the owner should either plow under or otherwise destroy all litter beneath and near the trees.

The recommended post-harvest spray is not advisable where leaf-spot is not troublesome. It has no cure-all merits.

EROSION PROBLEM

REGINA, Sask. (AP) — The Agriculture Department reports that of 50 land-use surveys made in Saskatchewan since 1948, wind erosion was reported as a major agricultural problem by 35 municipalities. It said moderate to severe soil drifting has occurred almost every year in some areas.
